

[BUG] Request with CZE param doesn't have borders param in body

Reporter: s.malaychuk

Priority: Medium

Description

After executing http request with these params:

GET 200 <https://restcountries.com/v2/alpha?codes=CZE>

Response body doesn't have a Borders property.

Actual result: Response body doesn't have a Borders property.

Expected result: Response body should have a Borders property.

BODY object for CZE
